

Hospitals in the Rio Grande Valley

Id	5
Name	Doctors Hospital at Renaissance
Description	is the largest physician-owned facility in the United States and offers some of the most comprehensive medical care on the U.S. Southern Border. This hospital was founded in 1997 to serve over 1.2 Million residents and resolve limited healthcare access in a region that lacked any public or county hospitals. DHR has excelled in the delivery of care and was recently recognized, for the third straight year, by Thompson Reuters as one of the Top 100 Hospitals in the nation.
